

No, it's not sachet

Is

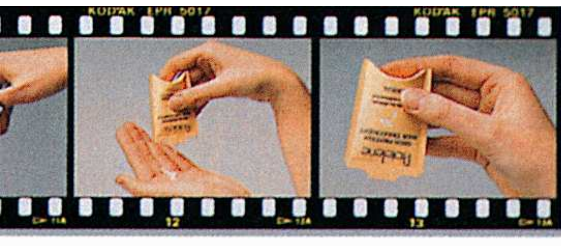

BROVIT®

...what else ?

When using Brovit® you feel that you are holding a disposable pack.

Far from: the pack is three-dimensional and elegant, intuitive ways to open, surprising his property **self closing®!**

Inverting pack, the product contained no exits, to get it out you need a little push.

Brovit® is resistant,

can also contains products filling up in pasteurization.

For 10 ml, 20 ml or 30 ml of product liquid or creamy, Brovit® is IDEAL for a refined and practice presentation of your product.

Brovit® is single-service pack
